ABOUT SIGNING THE MEMBER FORM

1. This form confirms that your organization or business can be listed as a member of the New Jersey Citizens Coalition for Cures, along with other citizens, businesses and nonprofit organizations who support stem cell research in New Jersey.
2. The Coalition's membership list may be used in association with materials such as fact sheets, brochures, and in advertisements about this issue.
3. Published lists of our members will note that titles and affiliations of individuals included are provided for identification purposes only.
4. Your contact information will only be used so that the Coalition can contact you and send you member updates. We will not give out or sell our members' mailing addresses, phone numbers or email addresses to anyone else for any other uses.
5. Signing the member form does not obligate you to contribute time or money, or attend any meetings, or make any public statements. More active involvement in our efforts or financial contributions to support our efforts is welcomed, but is entirely voluntary.
6. Any public relations or political activities undertaken in support of New Jersey stem cell initiatives will be conducted in strict compliance with the spirit and letter of all relevant state laws, regulations, and ethical standards.
